ABSTRACT

This publication provides national totals of financial data acquired from institutions of higher education in a questionnaire distributed in 1973 as a component of the eighth annual Higher Education General Information Survey (HEGIS). Seeking data for 1972-73, the questionnaire acquired information on current funds revenues and expenditures, physical plant assets, physical plant indebtedness, and the value and earnings of endowments. This publication is limited to summary data on property, comprising physical plant assets, indebtedness of physical plant, and endowment. A companion publication, "Financial Statistics of Institutions of Higher Education: Property, 1972-73, State Data" (available only from the Government Printing Office of the National Center for Education Statistics), contains details for each region, state, the District of Columbia, and outlying areas of the United States. FOREWORD

This publication provides national totals of financial data acquired from institutions of higher education in the questionnaire "Financial Statistics of Institutions of Higher Education for Fiscal Year Ending 1973" (OE Form 2300-4) distributed in 1973 as a component of the eighth annual Higher Education General Information Survey (HEGIS). Seeking data for 1972-73, the questionnaire acquired information on current funds revenues and expenditures, physical plant assets, physical plant indebtedness, and the value and earnings of endowments.

This publication is limited to summary data on property. Property comprises physical plant assets, indebtedness on physical plant, and endowment. A companion publication entitled *Financial Statistics of Institutions of Higher Education: Property, 1972-73, State Data,* contains details for each region, State, the District of Columbia, and outlying areas of the United States. The "State Data" publication was produced in limited numbers and must be ordered from the Government Printing Office or from the National Center for Education Statistics. A third publication on current funds revenues and expenditures completes the financial data acquired for 1972-73.

We extend our sincere appreciation to the more than 3,000 business officers and other officials of those institutions and State agencies who assisted in the development of the survey and provided the data.

INTRODUCTION

Summary of the data

- The value of property owned or utilized by institutions of higher education at the end of the 1972-73 fiscal year was $67.0 billion. This was an increase of $4.4 billion, or 7.1 percent, over the balance at the beginning of the year.
- This property value consisted of physical plant assets—$54.0 billion—and the book value of endownment—$13.0 billion.
- Indebtedness on physical plant increased 2.9 percent, from $10.5 billion at the beginning of 1972-73 to $10.8 billion at the end of the year. Indebtedness represented 20.1 percent of the book value of physical plant assets.
- During 1972-73, the book value of endowment increased 7.0 percent, from nearly $12.2 billion to $13.0 billion, whereas the market value decreased 1.3 percent, from $15.3 billion to $15.1 billion.
- Privately controlled institutions reported 82.0 percent of the book value of all college and university endowment at the end of the 1972-73 fiscal year.
- At the end of 1972-73, the endowment of colleges and universities had an average market value of $2,102 per full-time-equivalent student. The average endowment per student for privately controlled institutions ($6,948) was much higher than that for publicly controlled institutions ($471).
- The value of property owned or utilized by institutions of higher education at the end of 1972-73 was:

Item	All institutions	Public institutions	Private institutions
	In billions of dollars		
Property	$67.0	$37.8	$29.2
Physical plant assets	54.0	35.5	18.6
Book value of endowment	13.0	2.3	10.7
Indebtedness on physical plant	10.8	16.4	4.4

NOTE.—Details may not add to totals because of rounding.

Methodology

This publication provides national totals of financial data acquired from institutions of higher education in the questionnaire "Financial Statistics of Institutions of Higher Education for Fiscal Year Ending 1973" (OE Form 2300-4) distributed in 1973 as a component of the eighth annual Higher Education General Information Survey (HEGIS). A copy of the survey form is shown in appendix E. Seeking data for 1972-73, the questionnaire acquired information on current funds revenues and expenditures, physical plant assets, physical plant indebtedness, and the value and earnings of endowments.

The total population of inquiry was 2,947 higher education institutions, branches, and campuses, each counted separately. Completed questionnaires were available for 2,796 institutions of the 2,947 surveyed—a response rate of 94.9 percent. The population of inquiry and the numbers of respondents and nonrespondents, by level of institution, by control, and by region and State are shown in appendixes A, B, and C, respectively.

The institutions that did not respond or did not provide adequate data are listed in appendix D. For these institutions, data were imputed so that the totals and subtotals represent all institutions including nonrespondents.

One of two methods was used to adjust for nonresponse. If an institution had reported data for a previous year, those data were adjusted in accordance with trends established in previous HEGIS surveys and then entered as the institution's report for fiscal year 1973. If no data for another year were available, peer institution data for fiscal year 1973 were used. Peer institutions were selected on the basis of three criteria: location (State or region), level of institution, and enrollment. Whenever possible, matches were also made with regard to institutional control.

Data aggregation

Data contained in this report are presented in two sets of tables. The first set aggregates all universities with their 4-year and 2-year branches and all other 4-year institutions with their 2-year branches; 2-year institutions not connected with a higher level institution are grouped separately. The method of aggregation utilized in this first set of tables is the same as that used in previous publications of financial statistics.

The second set of tables employs a new method of aggregation wherein only university-level institutions or branches are aggregated under the heading "Universities." Four-year branches of universities and other 4-year institutions are aggregated as "other 4-year institutions," and 2-year branches are combined with independent 2-year colleges and presented as "2-year institutions."

GENERAL

To avoid unnecessary overlapping of Federal surveys of the finances of your institution, this survey is designed to include the financial statistics previously collected by the U.S. Department of Commerce, Bureau of the Census Form F-15.

The definitions and instructions used here are compatible with those in **College and University Business Administration, Revised Edition**, published by the American Council on Education, One Dupont Circle, Washington, D.C. 20036.

Please attach supplemental information, comments, etc., on a separate sheet.

Please examine the definitions and instructions. If you need additional clarification on any of the items, please call Mr. Paul F. Mertins at (202) 962-7301, in Washington, D.C.

Data requested on this financial survey are for the fiscal year of your institution.

Data for your institution which are not kept on the books of account of your institution, but are kept on the records of another organization or agency for your institution, should be included *(e.g., State schools should report or estimate the value of phyaical plant even though records are maintained by a State agency).*

Exclude agency funds, i.e., funds handled by the institution in a custodial capacity only *(e.g., funds for student organizations).*

All data reported should be whole dollars only--omit cents.

Please complete this survey and return it to the U.S. Office of Education, National Center for Educational Statistics, ATTENTION: Room 2164-HEGIS, 400 Maryland Avenue, SW., Washington, D.C. 20202, not later than October 31, 1973.
